Ballsy new addition to the Top 10

Identified only by his email handle, **Montigo** has filled the 10th spot on the *WFP Billboard*, with a wee diddy from those giddy Romanians, titled; 'De la Nis la Napoli,' featuring 5,000 **Poli Timisoara** fans doing their best impression of a Maori war dance before a rugby match.

■ Cast your votes every month online, and send us a Top 10 challenger - Mp3 only please.

Speak Your Mind: Who's it gonna be?

Cast your opinion on the topics of our times, such as: **Whitecaps FC** are searching for international opponents to fill a 2006 mini-tournament. Which three foreign clubs would you pay to see at **Swagard**? Be realistic... forget **Man U**, **Inter Milan** et al, consider more mid-table opponents and remember, soccerdom stretches far beyond the **EPL** and **Serie A**.

The healing powers of sport and spirit

Nicholas Carriere, Nanaimo

As originally reported by *Reuters*, the small, soccer-crazed island of Car Nicobar, India, was devastated by 850 deaths within its population of just 19,000. With its rich history of football, even citizens like **Lot Thompson**, who lost 13 of 26 family members in the devastation, was somehow able to find solace in football. In cooperation with football teams of the Indian mainland, the **Sports Authority of India** [SAI] organized a major soccer tour through June, of an 18-man squad from **Car Nicobar** versus prominent local mainland teams. Citing the rich tradition

of soccer and community in Car Nicobar, SAI secretary **B.K. Sinha** noted the tour proved to be a means of making the players socially and psychologically stronger after the tragedy they had witnessed.

Moreover, as many players had lost most or all of their families in the disaster, taking them on a soccer and site tour away from their destroyed homes prompted Sinha to add, "We have kind of adopted them," thus emphasizing how the richness of being part of a team dynamic can not only root itself in a sport, indeed, it can extend itself well beyond the game's structural and geographical boundaries. ●

What the federal government are famous for is medals. Archery will get more funding than soccer because they made the podium. They understand that football is a global sport but the podium philosophy is how they do their funding — Andy Sharpe, CSA

CJVG / WORLD FOOTBALL PAGES

GRABBING THE HEADLINES: Will Moore of Victoria United proves it's hard to keep a good man down. June 25, the passionate midfielder helped douse the wave as Whitecaps Reserve fell 1-0 at Royal Athletic Park in PCSL League action. The 2004 IPSS star suited up for the BC All-stars July 14, in the 2005 IPSS scrap with Sunderland's Black Cats, also at a packed RAP. Hearts did a number on the PCSL squad in 2004 but this year, Moore and his mates manhandled the EPL promotees to a most respectable 1-0 loss
